HVAC&R Coatings including coil coatings, component and casing coating, drain pan coating and aerosol coating

---

Copper pressure fittings, press fittings and DWV fittings

Technology to electronically detect and measure the flow of water through piping systems

---

Battery-powered natural gas alarms and combination natural gas and carbon monoxide alarms

---

PVC SCH 40, 80 & SDR35 fittings, valves, swing joints, drainage & valve boxes

---

Delivery system to accurately dispense water soluble and liquid fertilizers through any irrigation system

---

Epoxy coated ductile iron fittings and joint restraints, saddles & gate valves and stainless-steel saddles, ball & gate valves

---

Wire, cables, cable assemblies and electric accessories to several specialized markets

---

High-efficiency heating and cooling solutions for residential and commercial applications

---

PEXa pipe, Everloc+, pre-assembled balancing manifolds, Firepex, radiant panels & preassembled radiant mats, pre-insulated PEXa piping and Geoexchange piping systems

---

Enclosures for irrigation controls and electrical service pedestals as well as cages for most backflow devices

---

Complete control solutions for radiant floor and baseboard heating and automatic snow-melting systems and multi-stage boiler plants

---

Utility marking and identification products including tracer wire, marking flags, underground warning tape, utility markers, signs, tags and labels

---

Water-saving irrigation products for golf courses, sports fields, commercial and residential installations
