

Products for the fire system & waterworks applications, including backflow prevention and in-building risers that come in standard and custom sizes

Blocking plugs, bypass plugs, specialty chemicals, testing equipment and accessories

Inflow/Infiltration solutions for manholes & pipes

Brass, steel, PVC, bronze pipe nipples and malleable iron pipe fittings

Flexible couplings, shielded couplings, lateral connections, internal seals, water management and sealants

Backflow prevention devices for irrigation and water services

Stainless steel piping products

Valves and fittings for potable water and sewage pipe systems

Corrosion resistant, push fit removable connection for underground application. Tapper/Mainstop, ballvalve, curbstops and couplings.

Contractor-preferred power tools, accessories and jobsite equipment

Variety of strainers, check valves, butterfly valves and specialty products

PP-RCT pipe and fitting systems

Advanced tie-down available for truck and van racks with multiple mounting styles to fit almost any rack

Aluminum enclosures for backflow preventers, pumps and valves

Innovative infrastructure repair solutions including sectional point repair, CIPP lateral lining, reinstatement & drain cleaning, inspection technology, water and sewer solutions

Standard flow control products including butterfly valves, check valves, gate valves, flanges, plug valves, indicator posts, strainers, ball valves, boiler drains, hose bibbs, vacuum breakers, boiler drains and fittings.

Storage and containment solutions including vertical water tanks, septic tanks, cistern & multi-use tanks and septic tank parts

Backflow prevention, pressure relief, pressure reducing, gate, ball, butterfly, globe, float and thermostatic mixing valves, along with specification and light commercial drainage
